

Could've been

(Kirk Franklin)

Chorus

It could've been me
With no clothes no shoes and no food to eat
Yeah (Yeah) Yeah (Yeah)
It could've been me
Without your love Lord tell me where would I be
Yeah (Yeah) Yeah (Yeah)
Could've been

Verse one

Me in the cold with

(Everything gone)

No house no job

(Outside all alone)

Sitting trying to figure out

(Where I went wrong)

Can somebody help me

(Tell me what do I do)

Can't feed my kids need

(Money for the rent)

Bills after bills but

(Everything spent)

The enemy telling me you

(Might as well quit)

With tears in my eyes crying

(Lord please hear me through)

See that's the reason

(I just can't thank you enough

no matter how hard I try Jesus I realize)

Chorus

Verse two

See it's easy to complain

(Bout material things)

When you don't have to worry

(Bout whatever life brings)

But somebody here tonight

Piger: (Don't know what they gonna eat)

So I gotta be careful

Herrer: (Cause it could've been me)

See y'all that's the reason

(I just can't thank you enough

no matter how hard I try Jesus I realize)

Chorus

Vamp one

Thank you

Thank you

I thank you - it could've been me [repeat]

You didn't have to do it no

You Didn't have to do it no

You Didn't have to do it no - thank you [repeat]

Bridge

Too good to stop now father

I wanna give you thanks some more

All the things I've been through now

I see I'm better than I was before

When I think about all you've done

And how you've opened up every door

I can't help but say thank you

And if you wanna help me get up on the floor
